---

June 24, 2020

For Immediate Release:

The Ada County Coroner's Office has a signed agreement with the Fremont County Coroner's Office for pathology services only and all duties and responsibilities of the Fremont County Coroner remain with the Fremont County Coroner.

Ada County offers pathology services only, by contract, for a fee for Idaho counties that do not have a facility of their own or a board certified Forensic Pathologist on staff.

The Coroner of jurisdiction maintains responsibility of investigation and has full decision making authority on what cases they transport for services by Ada County.

The Fremont County Coroner, Brenda Dye, transported two cases to the Ada County Coroner's Office for pathology services to be rendered on June 11, 2020 identified by Fremont County to be Joshua J. Vallow and Tylee Ryan. Outside and ancillary testing have been ordered and will take several weeks to return. Once all results are received, the Forensic Pathologist's reports will be provided to the Fremont County Coroner.

As this case is an open and ongoing investigation no further information will be released by the Fremont County Coroner at this time. However, any inquiries made to the Ada County Coroner for information or records related to a Fremont County case will be referred to Fremont County and the contact information is listed below for your reference.

Fremont County Coroner  
Brenda Dye  
151 W. 1<sup>st</sup> North  
St. Anthony, Idaho 83445
